

Travel Bursary for Wales Cardiology Trainees

Aim:

To support travel, hotel and registration costs for Wales Cardiology Trainees presenting their research at international meetings.

Eligibility:

- Trainee must be within Wales Cardiology programme
- Original research work that has been accepted for presentation at a recognised international cardiology meeting
- Priority will be given to oral presentations, and moderated posters rather than posters and to those shortlisted for award or featured/highlighted research
- Research must be undertaken within Wales
- Case presentations are not considered research and are not eligible for consideration

Structure:

- Two awards of £500 will be available each year and can be submitted after meeting completion.
- Application form will be available on WCS website and should be submitted to WCS secretary with a closing date each year of September 1st to allow review prior to autumn executive meeting.
- The application should be no longer than 500 words and include a summary of background and aims, methods, results, conclusions and clinical relevance.
- The meeting details and presentation format must be included with the application.
- Applications will be considered by a nominated WCS research group (membership to be decided).
- Successful applicants will be announced at the WCS autumn meeting.
- Travel bursary in addition to successful to WCS SpR research prizes although the same work is not eligible for both awards.
